

TEMUJIN

Australian Gothic Metal ... a blend of light and shadow
"Refuse to be Denied"

Kelly : At the heart of Temujin's sound is the haunting voice of Kelly. Her lyrical creativity, keyboard arrangements and vocal melodies are a perfect counterpoint to the brooding, driving riffs. She pours into her songwriting a passion for music and the ability to observe and chronicle emotions and relationships

Karl Lean : A founding member and bass player from cult metal band Nothing Sacred, he carved a path of sonic assault across Australia for 10 years - gigging continuously throughout the Eastern states and recording an EP and two albums. A desire to use this experience in a new musical direction led to the formation of Temujin.
